BOROUGH OF AVALON

RESOLUTION NO. 804

WHEREAS, the Kosmos Cement Factory is proposing to burn 1.2 million whole tires annually in their 30 year old kiln; and

WHEREAS, the kiln is located next to the open clarifiers of our water source at West View Water Authority; and

WHEREAS, the emissions coming from the burning of these tires include heavy metals, dioxins and furans and may pose a threat to the health of the residents of Avalon; and

WHEREAS, the destruction and removal efficiency of such toxins has not been proven.

NOW THEREFORE, be it resolved by the Council of the Borough of Avalon:

THAT the Borough of Avalon opposes the practice of burning whole tires in the Kosmos Cement Kiln located on Neville Island.

THIS RESOLUTION adopted at a regular Council Meeting of the Borough of Avalon, the 16<sup>th</sup> day of March, 1993.

ATTEST:
