## Independent Auditor's Report

**Members of Council  
Borough of Avalon**

### Report on the Audit of the Financial Statements

#### **Adverse and Unmodified Opinions**

We have audited the accompanying modified cash basis financial statements (financial statements) of the governmental activities, each major fund, and the aggregate remaining fund information of the Borough of Avalon (Borough), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

#### **Adverse Opinion on Discretely Presented Component Unit**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the financial statements referred to above do not present fairly the financial position of the discretely presented component unit of the Borough as of December 31, 2024, or the changes in financial position for the year then ended in accordance with the modified cash basis of accounting as described in the Notes of the Financial Statements.

#### **Unmodified Opinions on Governmental Activities, Each Major Fund, and the Aggregate Remaining Fund Information**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Borough, as of December 31, 2024, and the respective changes in modified cash financial position and the respective budgetary comparison for the General Fund for the year then ended in accordance with the modified cash basis of accounting as described in the Notes of the Financial Statements.

#### **Basis for Adverse and Unmodified Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

### **Matters Giving Rise to Adverse Opinion on the Discretely Presented Component Unit**

The financial statements do not include financial data for the Borough's legally separate component unit. Accounting principles generally accepted in the United States of America require the financial data for the component unit to be reported with the financial data of the Borough's primary government unless the Borough also issues financial statements for the financial reporting entity that include the financial data for its component unit. The Borough has not issued such reporting entity financial statements. The effects of not including the Borough's legally separate component unit on the discretely presented component opinion unit has not been determined.

### **Basis of Accounting**

We draw attention to Note 2 of the Financial Statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in the notes of the financial statements, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# BOROUGH OF AVALON

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

---

### 1. The Reporting Entity

The Borough of Avalon (Borough) located in Allegheny County, Pennsylvania was established in 1875. The Borough is governed by a mayor and a nine-member Council and provides services to residents, including general government, public safety, highway maintenance, health, and welfare.

The primary government financial statements (financial statements) include only the financial activity of the Borough and do not include the Avalon Public Library (Library), which is considered a component unit in accordance with accounting principles generally accepted in the United States of America applied to governmental entities. The Borough is considered to be financially accountable for the Library because the Council appoints the Library's governing Board, the Library facility is owned by the Borough, and the Library is primarily funded through annual subsidies from the Borough, public donations, and the Commonwealth of Pennsylvania. Separate financial statements for the Library are available from its office.

### 2. Summary of Significant Accounting Policies

#### Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position (modified cash basis) and the statement of activities (modified cash basis)) report information on all the non-fiduciary activities of the Borough.

The statement of activities (modified cash basis) demonstrates the degree to which the direct expenses of a given function or segment is offset by program receipts. Direct expenses are those that are clearly identifiable with a specific function or segment. Program receipts include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program receipts are reported instead as general receipts.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major

# BOROUGH OF AVALON

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

---

individual governmental funds are reported as separate columns in the fund financial statements.

### Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements and the fund financial statements are reported using the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Accordingly, receipts are generally recognized when cash is received and expenditures are generally recognized when cash is disbursed. Short term borrowings are recognized as a liability when due. Assets and liabilities arising from payroll withholdings are reported on the balance sheet, and amounts held in escrow are also tracked through liability accounts.

The Borough reports the following major governmental funds:

*The General Fund* is the principal operating fund of the Borough, which is used to account for all financial transactions except those accounted for in other funds.

*The Sewer Surcharge Fund*, a special revenue fund, is used to account for financial resources to be used for the improvement of sanitary sewer lines and charges to pay for normal sewer usage.

The Borough reports the following other nonmajor governmental funds:

*The Highway Aid Fund* accounts for state aid revenues (liquid fuels tax) used for street lighting and building and improving roads and bridges.

*The Health and Sanitation Fund* accounts for the financial activities related to the collection of solid waste disposal fees from Borough residents.

*The American Rescue Plan Act* fund accounts for the federal revenues received in response to coronavirus relief and the related expenditures.

*The Fire Truck Fund* accounts for the accumulation of resources that are assigned for the payment of principal and interest on long-term debt related to the purchase of a fire truck.

# BOROUGH OF AVALON

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

---

Fiduciary Funds are used to report assets held in a trustee capacity for others, and therefore, are not available to support Borough programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds. The Borough reports on the following fiduciary fund:

*Pension Trust Funds* are used to account for assets held by the Borough in a trustee capacity for its employees. These include the Police Pension Fund and the General Employees' Pension Fund.

### Budgets and Budgetary Accounting

Budgetary information in the accompanying financial statements has been reclassified to conform to the financial statement presentation. The Borough follows these procedures in establishing this budgetary data:

- a. Formal budgetary integration is employed as a management control device during the year for the General Fund. The budget is adopted annually on the modified cash basis.
- b. In accordance with the Borough Code, beginning at least 30 days prior to the adoption of the budget, which shall not be later than December 31, a proposed budget for the ensuing year shall be prepared. The proposed budget shall be kept on file with the Borough secretary and made available for public inspection for a period of ten days. Notice that the proposed budget is available for inspection is published in a newspaper of general circulation. After expiration of the ten days, the Council makes such revisions in the budget as deemed advisable and shall adopt the budget by motion.
- c. Transfers of budget amounts are authorized between departments within any fund. However, any revisions that alter the total appropriations of any fund must be approved by the Council.
- d. Unused appropriations for annually budgeted funds lapse at the end of the year.
- e. The budget amounts shown in the financial statements are the original and final amounts for the year ended December 31, 2024.

# BOROUGH OF AVALON

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

---

Annual appropriated budgets are not adopted for all funds reported in these financial statements. For the year ended December 31, 2024, cash disbursements in the General Fund exceeded appropriations in general government, public safety, culture and recreation, community development, miscellaneous and debt service. These overages were funded by excess revenues, transfers in from other funds, debt proceeds, and, to the extent available, fund balance.

### Cash and Cash Equivalents

For purposes of financial reporting, cash and cash equivalents includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less.

### Fair Value Measurements

The Borough categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

### Long Term Debt

Long-term debt arising from modified cash basis transactions of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as cash disbursements.

### Net Position

The Borough classifies net position into two components - restricted and unrestricted. These classifications are defined as follows:

- Restricted - This component of net position consists of constraints placed on net position use through external restrictions.
- Unrestricted - This component of net position consists of net position that does not meet the definition of "restricted."

YEAR ENDED DECEMBER 31, 2024

---

The Borough applies restricted resources first, when available, before using unrestricted resources, to pay expenditures that can be paid from either source.

### Fund Balance

In the fund financial statements, governmental funds report fund balance in categories based on the level of restriction placed upon the funds. These levels that are applicable to the Borough are as follows:

- Restricted – This category represents funds that are limited in use due to constraints on purpose and circumstances of spending that are legally enforceable by outside parties.
- Assigned – This category represents intentions of the Council to use the funds for specific purposes. The Council has delegated the authority to assign amounts to be used for specific purposes to the Borough Manager or their designee. This category includes amounts set aside for health and sanitation, sewer capital costs, and debt service.
- Unassigned – This category includes the residual classification for the Borough's General Fund and includes all spendable amounts not contained in other classifications.

The Borough has not established a policy for its use of unrestricted fund balance amounts; therefore, restricted amounts should be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in those classifications are available to be used.

### Adopted Pronouncements

The following GASB Statement was adopted for the year ended December 31, 2024: Statement No. 100 (Accounting Changes and Error Corrections). This statement had no significant impact on the Borough's financial statements for the year ended December 31, 2024.

# BOROUGH OF AVALON

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

---

### Pending Pronouncements

GASB has issued statements that will become effective in future years including Statement Nos. 102 (Certain Risk Disclosures), 103 (Financial Reporting Model Improvements), and 104 (Disclosure of Certain Capital Assets). Management has not yet determined the impact of these statements on the financial statements.

### **3. Deposits and Investments**

Pennsylvania statutes limit investment of governmental funds into certain authorized investment types including: U.S. Treasury Bills, short-term commercial paper issued by a public corporation, banker's acceptances, insured or collateralized time deposits, and certificates of deposit. The statutes also allow pooling of governmental funds for investment purposes. The deposit and investment policy of the Borough adheres to state statutes. Deposits of the governmental funds are either maintained in demand deposits or invested with the Pennsylvania Local Government Investment Trust (PLGIT). There were no deposit or investment transactions during the year that were in violation of either the state statutes or the policy of the Borough.

The following is a description of the Borough's deposit risks:

*Custodial Credit Risk* – For a deposit, custodial credit risk is the risk that in the event of a bank failure, the Borough's deposits may not be returned to it. The Borough does not have a formal deposit policy for custodial credit risk.

As of December 31, 2024, \$250,000 of the Borough's \$2,945,261 bank balance was insured by the Federal Deposit Insurance Corporation (FDIC). The remaining bank balance was exposed to custodial credit risk, which is collateralized in accordance with Act 72 of the Pennsylvania state legislature, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name. These deposits have carrying amounts of \$2,872,484 as of December 31, 2024.

# BOROUGH OF AVALON

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

---

### Cash Equivalent Investments

The fair value of the Borough's position in the external investment pool is the same as the value of the pool shares. All investments in an external investment pool that are not SEC-registered are subject to oversight by the Commonwealth of Pennsylvania.

The Borough can withdraw funds from the external investment pools. However, there are certain limitations placed on these withdrawals. For PLGIT-Class accounts, there is a one-day holding period. For PLGIT/PRIME accounts, there is a one-day holding period and a penalty for more than two withdrawals in a calendar month. For PLGIT/Term accounts, there is a minimum investment period of sixty days and a premature withdrawal penalty. PLGIT is audited annually by independent auditors. PLGIT uses amortized cost to report net assets to compute share prices. It is PLGIT's policy to maintain a net asset value of \$1 per share. Accordingly, the fair value of the position of PLGIT is the same as the value of PLGIT shares.

As of December 31, 2024, the entire PLGIT book balance of \$1,056,596 (bank balance of \$1,056,966) is considered to be a cash equivalent for presentation on the statement of net position (modified cash basis) and governmental funds balance sheet (modified cash basis).

The following is a description of the Borough's investment risks as related to governmental activities:

*Credit Risk* – The risk that an issuer or other counterparty to an investment will not fulfill its obligations is called credit risk. The Borough has no formal investment policy that would limit its investment choices based on credit ratings by nationally recognized statistical rating organizations. As of December 31, 2024, investments in PLGIT have received an AAA rating from Standard & Poor's.

*Custodial Credit Risk* – For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the Borough will not be able to recover the value of its investments or collateral securities that are in the possession of an outside entity. The Borough does not have a formal investment policy for custodial credit risk. The Borough's investments in PLGIT cannot be classified by risk category because they are not evidenced by securities that exist in physical or book entry form.

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

---

### Pension Trust Funds

The Pension Trust Funds are used to account for assets held by the Borough in a trustee capacity for future payment of retirement benefits to employees or former employees. The Pension Trust Funds' investments are held separately from those of other Borough funds. Assets in the Pension Trust Funds are stated at fair value. The Pension Trust Funds have no investment policy.

The Pension Trust Funds are invested in various types of financial instruments. This diversification of the investment portfolio serves to assist in mitigating the various types of risks associated with different types of financial instruments. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments could occur in the near term and that such a change could materially affect the amount reported on the statement of fiduciary net position (modified cash basis).

As of December 31, 2024, the Borough had the following investments in its Pension Trust Funds:

	Fair Value	Maturity in Years		
		Less than 1 year	1-5 years	More than 5 years
Mutual funds - fixed income	\$ 1,985,437	\$ -	\$ -	\$ 1,985,437
Cash and cash equivalents - money market	171,788			
Equity securities	<u>2,380,459</u>			
Total cash equivalents and equity securities	<u>2,552,247</u>			
Total investments reported on statement of fiduciary net position (modified cash basis)	<u>\$ 4,537,684</u>			

Mutual funds and equity securities are valued using quoted market prices (Level 1 inputs).

Pension Trust Funds' investment in money markets and mutual funds are not exposed to custodial credit risk because they are not evidenced by securities that exist in physical or book entry form.

# BOROUGH OF AVALON

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

---

The following is a description of the Pension Trust Funds' deposit and investment risks:

*Credit Risk* – For investments, the risk that an issuer or other counterparty to an investment will not fulfill its obligations is called credit risk. The Pension Trust Funds have no formal investment policy that would limit its investment choices based on credit ratings by nationally recognized statistical rating organizations.

*Custodial Credit Risk* – For investments, custodial credit risk is the risk that in the event of the failure of the counterparty, the Pension Trust Funds will not be able to recover the value of its investments or collateral securities that are in the possession of an outside entity. The Pension Trust Funds do not have a formal investment policy for custodial credit risk.

*Concentration of Credit Risk* – The Borough places no limit on the amount the Pension Trust Funds may invest in any one issuer. The Pension Trust Funds have no investments of greater than 5% with one issuer.

*Interest Rate Risk* – Interest rate risk is the risk that changes in interest rates will adversely affect the fair market value of the Pension Trust Funds. The Pension Trust Funds do not have a formal deposit or investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

#### 4. Pension Plans

##### Plan Descriptions

The Borough administers two single-employer defined benefit pension plans covering substantially all full-time employees: Police Pension and Welfare Plan (Police Plan) and Employees' Pension and Welfare Plan (General Employees' Plan). Both plans provide retirement benefits and special provisions for death benefits to plan members.

Plan provisions are established by municipal ordinance with the authority for municipal contributions required by Act 205 of the Commonwealth of Pennsylvania (Act). Employee contributions have been eliminated subject to the plans meeting certain financial conditions. The plans do not issue separate reports.

# BOROUGH OF AVALON

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

---

### Summary of Significant Accounting Policies

Financial information of the Borough's plans is presented on the modified cash basis of accounting. Employer contributions to each plan are recognized the earlier of when cash is received by the plan or the Borough. Benefits and refunds are recognized when cash is disbursed.

Investments of the plans are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price.

### Contributions and Funding Policy

The Act requires that annual contributions be based upon the calculation of the Minimum Municipal Obligation (MMO). The MMO calculation is based upon the biennial actuarial valuation. Employees are not required to contribute under the Act; such contributions are subject to collective bargaining. The Commonwealth of Pennsylvania allocates certain funds to assist in pension funding. Any financial requirement established by the MMO, which exceeds the Commonwealth of Pennsylvania allocation must be funded by the Borough (and could include employee contributions). The 2024 MMO was based on the January 1, 2023 actuarial valuation.

In 2024, the police contribution rate was 5%. Municipal employees were not required to contribute to their plan.

The Borough contributed the MMO for both the Police and General Employees' Plans, in the amount of \$40,759 and \$11,416, respectively.

Administrative costs, including investment, custodial trustee, and actuarial services are charged to the appropriate plan and funded from investment earnings.

# BOROUGH OF AVALON

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

The Borough's funded status and related information for each Plan as of the latest actuarial valuation date, January 1, 2023, is as follows:

	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Excess of Assets Over (Under) AAL	Funded Ratio	Covered Payroll	Excess (Deficiency) as a Percentage of Covered Payroll
General Employees' Plan	\$ 765,446	\$ 591,731	\$ 173,715	129.36%	\$ 420,532	41.31%
Police Plan	\$ 3,689,265	\$ 3,435,970	\$ 253,295	107.37%	\$ 581,201	43.58%

### Actuarial Assumptions

The actuarially accrued liability for both Plans was determined by an actuarial valuation performed on January 1, 2023 using the following actuarial assumptions, applied to all periods in the measurement:

	Police Plan	General Employees Plan
Actuarial cost method	Entry Age Normal	Entry Age Normal
Actuarial assumptions:		
Investment rate of return	6.75%	6.75%
Projected salary increases	4.75%	4.50%
Underlying inflation rate	2.75%	2.75%

Police Plan: 2010 Public Retirement Plan - Public Safety mortality tables (PubS-2010)

General Employees Plan: 2010 Public Retirement Plan - General Employees mortality tables (PubG-2010)

*Changes in Actuarial Assumptions* – The following actuarial assumptions were changed since the January 1, 2021 actuarial valuation. For the Police Plan, The Consumer Price Index /inflation assumption affects the AVR directly, through the valuation of future automatic cost-of-living adjustments, and indirectly as part of the interest rate and salary increase assumptions. The inflation assumption was increased from 2.50% to 2.75% per year. This assumption change increased the Actuarial Accrued Liability in this AVR by 11,296. For the General Employees Plan, the inflation assumption was also increased from 2.50% to 2.75% per year.

*Changes in Benefits* – For the Police Plan and General Employees Plan, there were no benefit changes reported since the January 1, 2021 actuarial valuation.

YEAR ENDED DECEMBER 31, 2024

---

### Deferred Compensation Plan

Employees of the Borough may participate in a deferred compensation plan (plan) adopted under the provisions of Internal Revenue Code Section 457 (Deferred compensation plans with respect to service for State and Local Governments), which is considered a defined contribution pension plan. As part of its fiduciary role, the Borough has an obligation of due care in selecting the third-party administrator. The plan is available to all full-time employees of the Borough. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The Council has agreed to match on a per-dollar basis, the employee's contribution to the plan, with a cap of \$120 per month. During 2024, the employer and employee contributions were approximately \$10,920 and \$44,949, respectively.

### **5. Real Estate Taxes**

Real estate taxes based on assessed valuations provided by Allegheny County (County) are levied on April 1 of the taxable year. Real estate taxes are billed and collected by an elected tax collector. Taxes paid by May 31 are given a 2% discount. Amounts paid after August 31 are assessed a 10% penalty.

Under the Borough Code, the Borough is permitted to levy real estate taxes up to 30 mills for general purposes. Additional taxes may be levied for certain specified purposes. Borough real estate taxes were levied at the rate of 9.83 mills for general purposes during 2024.

### **6. Long-Term Debt**

The 2008 Pennvest Guaranteed Revenue Note was issued in the amount of \$1,350,000. Principal and interest payments are due monthly beginning in September 2009, and final payment is due in 2029. Interest is calculated at the rate of 2.109% per annum for the first five years, and 2.965% per annum for the years thereafter. This debt was incurred to finance infrastructure improvements and will be repaid from the Sewer Surcharge Fund. The Note is secured by a pledge of all of the gross revenue and receipts generated from or by the Borough. Upon the occurrence of any event of default, the entire unpaid principal sum plus all interest accrued become due and payable immediately.

# BOROUGH OF AVALON

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

---

The 2020 General Obligation Note was issued in the amount of \$3,235,000 to refund the Borough's 2013 General Obligation Bonds and the 2016 Republic First National Loan. This debt was originally issued to finance the purchase of a fire truck and pumper, for the use of the Avalon Volunteer Fire Company (Company). The Company committed to pay the Borough \$150,000 over a five-year period to assist with the debt service payments. The Company has paid off their portion as of 2021. The 2020 General Obligation Note has a fixed interest rate of 2.544% and matures on June 1, 2036. The Note is a general obligation of the Borough, for which it pledges its full faith, credit, and taxing power. Upon the occurrence of any event of default, then any registered owner of the obligation may bring suit in the Court of Common Pleas of Allegheny County and request the court issue a writ of mandamus directing the Borough to pay into the appropriate Sinking Fund the first tax moneys or other available revenues thereafter received in such fiscal year by the Borough until the sum shall equal the moneys that should have been budgeted or appropriated for such Note.

The 2020 Street Sweeper Note was issued in the amount of \$167,144 to finance the purchase of a street sweeper. Principal and interest are due monthly beginning April 2020, and the final payment is due in 2025. Interest is calculated at the rate of 2.40%. Upon the occurrence of any event of default, the lessor may take one or any of the following remedial steps: declare the entire unpaid principal sum plus all interest accrued to become due and payable immediately, retake possession of the collateralized asset(s), and/or take legal action.

### Financed Purchase

The Borough has entered into an agreement for financing the purchase of a backhoe loader in the amount of \$102,975. Principal and interest are due annually beginning August 2020, and the final payment is due in 2027. Interest is calculated at the rate of 2.95%. Upon the occurrence of any event of default, the lessor may, to the extent permitted by applicable law, recover the principal balance as of the date of default, take possession of the equipment, require the Borough to sell the equipment and apply any net proceeds to the lease obligation, and/or exercise any other remedy available at law.

### Tax Anticipation Note

During 2024, the Borough obtained a tax anticipation note in the amount of \$300,000. Note proceeds were used for general operating expenses of the government in anticipation of

### **7. Risk Management**

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the Borough carries commercial insurance. There have been no significant changes in insurance coverage since the prior year.

For its worker's compensation insurance coverage, the Borough participates in the Municipal Risk Management Worker's Compensation Pooled Trust (Trust), a public entity risk pool operated for the benefit of over 200 cities, municipalities, boroughs, townships, and municipal authorities. Trust underwriting and rate-setting policies are established after consultation with an independent actuary and certain approvals of the Pennsylvania Department of Labor and Industry as mandated by Act 44 of 1993 (Act 44). All Trust participants may be subject to a supplemental assessment/dividend based on the overall experience of the participants, pursuant to Act 44. Each participant of the Trust agrees to jointly and severally assume and discharge the liabilities arising under the Workers' Compensation Act and Occupational Disease Act of each and every participant of the Trust. The Trust purchases excess insurance coverage with statutory limits. The retention for this excess coverage is \$750,000 per occurrence. Political subdivisions joining the Trust must remain members for a minimum of four years; a member may withdraw from the Trust after that time by giving ninety days' notice, subject to approval by the Trust actuary under specified circumstances related to the continued fiscal stability of the pool. At the time of withdrawal, the participant is responsible for their share of assessments but has no claim on any other assets of the Trust.

### **8. Commitments and Contingencies**

Various claims and lawsuits are pending against the Borough. The ultimate outcome of these claims and lawsuits cannot presently be determined and, accordingly, no provision for amounts arising from settlements has been made in these financial statements. In the opinion of management, the effect on the financial statements of potential losses on any claim and/or lawsuit should not be material.

# BOROUGH OF AVALON

## NOTES TO PRIMARY GOVERNMENT FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEAR ENDED DECEMBER 31, 2024

---

### 9. Interfund Receivables, Payables, and Transfers

Interfund receivables, payables, and transfers are summarized below:

	<u>Transfer in</u>	<u>Transfers Out</u>	<u>Due To</u>	<u>Due From</u>
Governmental Funds:				
General	\$ 118,819	\$ 54,400		\$ 331,299
Highway Aid	-	118,819	-	-
Fire Truck	54,400	-	-	-
Sewer Surcharge	-	-	331,299	-
	<u>\$ 173,219</u>	<u>\$ 173,219</u>	<u>\$ 331,299</u>	<u>\$ 331,299</u>

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Transactions between funds which are not expected to be repaid are accounted for as transfers. In those cases when repayment is expected within the next fiscal year, the transactions are accounted for through the various due from and due to accounts.

The transfer from the Highway Aid Fund to the General Fund was for liquid fuel expenses. The transfer from the General Fund to the Fire Truck Fund was for debt service payments.
